

Dear parents and friends of VBS!

Online registrations this year started on 22 June, and continued officially until the end of July. Though we are now in the subsequent administrative phase, things develop and there may be still vacancies for VBS children - or unexpected needs regarding helpers!

So, it may not be too late for your child (or yourself) to join this adventure!

Please contact the Coordinator (see below), and together with her Admin Assistant she will check the situation to verify if and where there are still openings.

**1-2 days after you send your e-mail enquiry,
you will receive a reply with an update
and (potentially) a simplified e-mail-based registration form.**

VBS children should be 5-11 years old by the end of August. - Please be aware that the Pre-School & Nursery area is reserved for the kids aged 0-4 who are the responsibility of Senior Helpers, so that our valiant volunteers are free to help throughout the VBS hours.

Info only for parents of a potential VBS child (i.e. aged 5-11):

Once your child's registration is confirmed there will be a notification to instruct you regarding advance payment of the participation fee. This will help the Check-in Team on the first VBS day to do a speedy processing. ***(We offer a dedicated account just for this purpose, which also makes it easier to check and confirm any transfers.)***

We will also keep the option to pay cash on the first day: Here we kindly ask that you prepare the exact amount, please:

Participation fee: 1st, 2nd child (of same family) - EUR 30 each

3rd, 4th, ... child (of same family) - EUR 20 each

You will also receive an informative MEMO a few days before we are due to head into the Central American rainforest. (One important info point f. ex. will be that we do not cook lunch for participants, but that everyone is to bring a little packed lunch.)

***Please use the contact form at the bottom of the VBS info page
to initiate a potential late registration!***
